What did our 100 attendees get out of this symposium?

14 New collaboration ideas

"I met someone from a nearby department who is working on X which is similar to a project I've just received funding for"

A Person, Dept of Wherever

30 New research connections or contacts

"I'm going to collaborate with dept X on a novel targetting strategy"

A Person, Dept of Wherever

54 Improved awareness of research in other departments

"I discovered that Dept X does research in area Y which our group is just starting on"

A Person, Dept of Wherever

Find out more about our attendees

---

24 are interested in using our ChemBio Crunch utility to improve their workflow

Photo of us demoing crunch?

"I would like Crunch to be able to handle some of my screening data and remove a processing step"

A Person, Dept of Wherever

"It would be useful to use Crunch to share my screening data with a related department in the university"

A Person, Dept of Wherever

"I would like to link Crunch to our specific piece of equipment and share data with group members"

A Person, Dept of Wherever

Find out more about ChemBio Crunch

---

72 agree this type of event should be run more regularly

Here are some event suggestions from the day

"An event idea would go here"

"An event idea would go here"

"An event idea would go here"

"An event idea would go here"

Here's what people thought about the symposium...

Key or in-depth testimonials at the top. Smaller soundbites underneath.

"I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good I thought it was really good And some other stuff some other stuff some other stuff "

D.F. Rent, Dept of Wherever

"I found this really useful I found this really useful I found this really useful I found this really useful I found this really useful "

A.N. Other, Dept of Wherever

"I found this really useful I found this really useful I found this really useful I found this really useful I found this really useful I found this really useful "

A.N. Other, Dept of Wherever

"I thought it was really good! Really"

A Person, Dept of Wherever

"I got a lot out of this symposium"

D Frent, Dept of Wherever

"This was really useful"

A. Tendee, Dept of Wherever

"This was really useful"

A. Tendee, Dept of Wherever
